Novus

direct vent & b-vent gas fireplaces

The Most Demanded Gas Fireplace in the Industry

The Novus combines the features and modern styling demanded by consumers. The minimalist design features clean lines and contemporary elements with sleek surround options. The realistic gas logs and ceramic fiber refractory enhance the warmth and glow of a real fire. Also featuring more designer front options, an upgraded burner system, and a larger viewing area the Novus is perfect in any room.

- Realistic gas log configuration increases flame height and creates a more exposed ember bed.
- Direct vent and B-vent options available for all sizes. Direct vent models maintain indoor air quality by preventing carbon monoxide, nitrogen dioxide and excess moisture from entering your home.
- Four size options available with front glass width dimensions of 30", 33", 36", and 42".
- Three front options available in your choice of finish
- Features a base dimension ideal for both corner and side wall installations.

IntelliFire™

Our exclusive, state-of-the-art, IntelliFire ignition system reduces gas consumption and thermogenerator wear by providing a pilot flame only when needed. It also supplies a back-up battery system to run the fireplace during a power outage.

Cover: 36" Novus shown with optional Demi front, traditional refractory, Plymouth mantel and absolute black granite.

Top: 36" Novus shown with Plymouth mantel and absolute black granite

Left: 30" Novus shown with Camden cast surround

Controls

TotalRemote This remote control effortlessly manages heat output and comfort level. For fireplaces and inserts.

Models: RCT-MLT-HTL

Features: Hardwired Receiver, Timer Mode, Thermostat Mode, Room Temperature Readout, Flame High/Low, Fan Speed, On/Off

SmartRemote An added level of function and convenience in a remote control. For fireplaces, stoves, inserts, and gas logs with or without line power.

Models: SMARTBATHTL-B, SMART-STAT-HTL

Features: Battery-Powered or Hardwired Receiver, Timer Mode, Thermostat Mode, Room Temperature Readout, On/Off

IntelliSwitch200 Designed exclusively for Heatilator fireplaces with IntelliFire, our state-of-the-art intermittent pilot ignition system.

Models: WSK200-HTL

Features: On/Off, Auto Battery Backup, Battery Strength Indicator, Pilot Activation, Fan Speed

Refractories

Traditional Refractory

Herringbone Refractory

Additional Options Not Pictured

- Fan Kit
- Outside Air Kit (for B-vent models only)
- Gas Conversion Kits
- Mantels and Surrounds

Venting

- Direct Vent: DVP pipe
- B-Vent: 5" B-vent pipe

Models* Available

MODEL	BTU/HR INPUT(NG)	OPENING SIZE
NBV/NDV3630I	14,000 - 20,000	30" (762mm)
NBV/NDV3933I	15,000 - 22,000	33" (838mm)
NBV/NDV4236I	17,000 - 25,000	36" (914mm)
NBV/NDV4842I	20,500 - 30,000	42" (1067mm)

U.S. Efficiencies

Steady State - Since most homeowners use their fireplaces for an extended time while they are in the room, Steady State measures how efficiently your fireplace converts fuel to heat once it is warmed up and running in a "steady state".

AFUE - AFUE rating is more typically used with appliances, like your furnace, that continually cycle on and off to maintain a constant temperature.

Canada Efficiencies

EnerGuide (CSA P.4.1-02) - EnerGuide is a rating used in Canada to measure annual fireplace efficiency.

Rating	NDV3630	NDV3933	NDV4236	NDV4842
Steady State	75%	78%	73%	77%
AFUE	52%	48%	52%	56%

Rating	NDV3630	NDV3933	NDV4236	NDV4842
EnerGuide (CSA P.4.1-02)	55%	51%	54%	58%
